

An aerial night view of a city skyline, likely Singapore, with numerous skyscrapers illuminated. Overlaid on the city are numerous vertical lines of varying colors (red, blue, purple) that extend upwards into the dark sky, each ending in a small glowing dot. These lines represent a digital network or data flow. The sky transitions from a deep blue at the top to a soft orange and red glow near the horizon, suggesting a sunset or sunrise.

CORPORATIONS ACT UPDATE

Facilitation of electronic communications with shareholders

Recent legislative changes to the Corporations Act 2001 (Cth) mean there are new options available to Hiremii shareholders as to how you receive communications from Hiremii.

Hiremii will no longer be sending physical meeting documents unless you request a copy to be posted.

Hiremii encourages all shareholders to provide an email address so we can communicate with you electronically when shareholder notices become available online, for items such as meeting documents and annual reports.

Shareholders can still elect to receive some or all of their communications in physical or electronic form, or elect not to receive certain documents such as annual reports. To review your communications preferences, or sign up to receive your shareholder communications via email, please update your details at <https://investor.automic.com.au/>

If you are a shareholder and would like a physical copy of a communication, need further information about the options available to you or have questions about your holding, visit <https://investor.automic.com.au/> or contact the Registry:

Automic Group

Postal Address

GPO Box 5193, Sydney, NSW, 2001, Australia
