SCHEDULE 5: CONTINUOUS DISCLOSURE POLICY

Scope

- 1 This Policy applies to all executive and non-executive directors, officers, employees, contractors and consultants of the Company and its subsidiaries from time to time (Personnel).

Purpose

- 2 The Company has adopted a set of procedures and guidelines in relation to its continuous disclosure obligations under the ASX Listing Rules and the *Corporations Act 2001* (Cth).
- 3 ASX Listing Rule 3.1 details the Company's primary continuous disclosure obligations. The Company must immediately notify ASX of information that a reasonable person would expect to have a material effect on the price or value of the Company's securities when the Company becomes aware of the information (i.e. 'materially price sensitive information'), unless the materially price sensitive information falls within the exemptions in ASX Listing Rule 3.1A. In this context, ASX has confirmed in Guidance Note 8 that 'immediately' means 'promptly and without delay.'
- 4 The Company is committed to taking a proactive approach to continuous disclosure and creating a culture within the Company that promotes and facilitates compliance with the Company's continuous disclosure obligations.

Responsibilities of the Board

- 5 The Company's board of directors (**Board**) bears the primary responsibility for the Company's compliance with its continuous disclosure obligations and is therefore responsible for overseeing and implementing this Policy. The Board makes the ultimate decision on whether there is any materially price sensitive information that needs to be disclosed to the ASX. It is a standing agenda item at all Board meetings to consider any information that must be disclosed to the ASX in accordance with the Company's continuous disclosure obligations.
- 6 The Company has appointed the Company Secretary as the Reporting Officer in order to streamline the day-to-day compliance with its continuous disclosure obligations. All directors are required to notify the Reporting Officer if they believe there is materially price sensitive information which requires disclosure to the ASX. All directors are encouraged to approach the Reporting Officer if they have any queries about what information should be disclosed to the ASX.

Responsibilities of the Company Secretary

- 7 The Company has appointed the Company Secretary as its ASX liaison officer, being the person responsible for communicating with ASX with respect to all Listing Rule matters. The Company Secretary plays an important role in the Company's continuous disclosure compliance program and is responsible for:

 - 7.6 coordinating the timely dispatch to the Board of all material market announcements promptly after they have been made; and
 - 7.7 providing reports to the board on the effectiveness of the continuous disclosure program.

Responsibilities of the Authorised Company Spokesperson(s)

- 8 The Company has appointed the Chairperson and Chief Executive Officer, or in their absence their delegate, as authorised spokespersons. The above people are authorised to make any public statement on behalf of or in relation to the Company following approval of such statements by the Board. Such public statements extend to all responses by the Company to enquiries by the media, analysts or shareholders. All enquiries by regulators should be passed on to the Chief Executive Officer.
- 9 There must be no selective disclosure of materially price sensitive information. The spokesperson should not disclose any materially price sensitive information through public statements which has not already been released to the market through the ASX, but may clarify materially price sensitive information which has already been disclosed to the ASX. Prior to making any public statement, the spokesperson should liaise with the Company Secretary regarding the Company's disclosure history to avoid the inadvertent release of materially price sensitive information.
- 10 The Company may authorise other persons from time to time to make public statements in particular circumstances.
- 11 In the event of inadvertent selective disclosure of previously undisclosed materially price sensitive information, the person or persons involved should immediately contact the Company Secretary. The Board will determine as soon as practicable whether there is a need (based on who received the unintentional selective disclosure and the probability of dissemination) to disclose the materially price sensitive information to ASX, or to require that the party to whom the materially price sensitive information was disclosed enter into a written confidentiality agreement.

Responsibilities of Personnel

- 12 All Personnel are required to comply with this Policy and the Company's continuous disclosure obligations.

Reporting Obligations

Information to be reported

- 13 Subject to the exemption in ASX Listing Rule 3.1A, the Company will notify the ASX as soon as it becomes aware of any information that a reasonable person would expect to have a material effect on the price or value of the Company's securities and make all required securities exchange filings. Examples of types of information that could be materially price sensitive information include:
 - 13.1 material acquisitions or divestitures;
 - 13.2 transactions that will lead to a significant change in the nature or scale of the Company's activities;
 - 13.3 a material change in the Company's financial forecast or expected results;
 - 13.4 declaration of a dividend;
 - 13.5 entry into, variation or termination of material agreements, including financing arrangements;

 - 13.9 a significant change in market or regulatory conditions which is likely to have a material effect on the Company's results.
- 14 The above examples are indicative only, and are not exhaustive. Where the Reporting Officer is unsure whether information is materially price sensitive information, it should take a conservative view and report it to, or discuss it with, the Board. The Company's legal advisers should be consulted where the materiality of information or the obligation to disclose is unclear.
- 15 The Company must not release information that is for release to the market to any person until it has given the information to the ASX and has received acknowledgement that the ASX has released the information to the market.
- 16 The Company must release to market any new and substantive investor or analyst presentation ahead of the delivery of the presentation, irrespective of whether the presentation contains material new information required to be disclosed under Listing Rule 3.1. The Company will make the presentation available electronically as soon as it reasonably can.

Confidential information

- 17 Certain materially price sensitive information does not need to be disclosed if it falls within the scope of the confidentiality exemption in ASX Listing Rule 3.1A. To fall within the exemption, all of the following conditions must be satisfied:
- 17.1 the information falls within one or more the following categories:
 - 17.1.1 it would be a breach of the law to disclose the information;
 - 17.1.2 the information concerns an incomplete proposal or negotiation;

 - 17.1.4 the information is generated for internal management purposes of the Company; or

 - 17.2 the information is confidential and ASX has not formed the view that the information has ceased to be confidential; and
 - 17.3 a reasonable person would not expect the information to be disclosed.
- 18 Once the Reporting Officer determines that information is materially price sensitive information, the Board will consider the confidentiality of the matter and bears the sole authority to determine whether a matter should not be disclosed to the ASX on the basis of the confidentiality exemption.
- 19 The Reporting Officer should disclose all materially price sensitive information to the Board and should not make a final assessment whether materially price sensitive information should not be disclosed on the basis of the confidentiality exemption in ASX Listing Rule 3.1A. However, to assist the Board in making these decisions, the Reporting Officer should provide details as to why they consider the information may be confidential for the purpose of ASX Listing Rule 3.1A.
- 20 The Reporting Officer should take all necessary steps to maintain the confidentiality of all potentially confidential information. For example, potentially confidential information should not be disclosed to external parties except on the basis of a written confidentiality undertaking.
- 21 The Company has also put in place a review process which includes verification testing of content and a review and sign-off by management prior to the Board formally approving the release of any public information.
- 22 ASX Listing Rule 3.1B provides that if the ASX considers that there is, or is likely to be a false market in the Company's securities, and requests information from the Company to correct or prevent the false market, the Company must give the ASX the information needed to correct or prevent the false market (ie. a false market may cause the exemption to be lost).

Reporting obligations of the Reporting Officer

- 23 The Reporting Officer has the following reporting obligations in relation to information that potentially requires disclosure:
- 23.1 immediately report all potentially materially price sensitive information to the Board, either in writing or verbally;
 - 23.2 provide sufficient details of all information to allow the Board to form a view as to whether the potentially materially price sensitive information is in fact materially price sensitive and to prepare the appropriate form of disclosure to the ASX, if necessary; and
 - 23.3 state whether the Reporting Officer considers that the information is confidential for the purpose of ASX Listing Rule 3.1A and the reasons for forming that view.
- 24 In addition, the Reporting Officer should provide a formal report to the Board at the end of each month which either provides details of unreported potentially materially price sensitive information regarding their area of responsibility or states that the Reporting Officer is unaware of any unreported potentially materially price sensitive information at that time.

Dealing with analysts

- 25 The Company must not give analysts or other select groups of market participants any non-public materially price sensitive information at any time, such as during analyst briefings, when responding to analysts' questions or when reviewing draft analyst research reports. The Company may clarify or correct any errors of interpretation that analysts make concerning already publicly available information, but only to the extent that the clarification or correction does not itself amount to giving the analyst non-public materially price sensitive information (such as correcting market expectations about profit forecasts). Any non-public materially price sensitive information that may be inadvertently disclosed during dealings with analysts should be immediately disclosed to the ASX.
- 26 All information given to analysts at a briefing, such as presentation slides, and any presentation material from public speeches given by Board members or members of management that relate to the Company or its business should also be given to the Company Secretary for immediate release to the ASX and posted on the Company's website. The information must always be released to the ASX before it is presented at an analyst or investor briefing.

Review of analyst reports

- 27 If requested, the Company may review analyst reports. The Company's policy is that it only reviews these reports to clarify historical information and correct factual inaccuracies (provided this can be achieved using information that has been disclosed to the market generally).
- 28 No comment or feedback will be provided on financial forecasts, including profit forecasts prepared by the analyst, or on conclusions or recommendations detailed in the report. The Company communicates this policy whenever asked to review an analyst report.

Market speculation and rumours

- 29 In general, the Company does not respond to market speculation and rumours except where:
- 29.1 the speculation or rumours indicate that the subject matter is no longer confidential and therefore the exception to disclosure in the ASX Listing Rules no longer applies;
 - 29.2 the ASX formally requests disclosure by the Company on the matter (under ASX Listing Rule 3.1B); or
 - 29.3 the Board considers that it is appropriate to make a disclosure in the circumstances.
- 30 Only authorised spokespersons may make statements on behalf of the Company in relation to market rumours or speculation. Any person within the Company should report market speculation or rumours to the Company Secretary immediately.

Trading halts

- 31 It may be necessary to request a trading halt from the ASX to maintain orderly trading in the Company's securities and to manage disclosure issues. The Board will make all decisions in relation to trading halts. No Company Personnel is authorised to seek a trading halt except with the approval of the Board.

Website

- 32 All Company announcements will be posted on the Company's website immediately after they are released to the ASX to provide accessibility to the widest audience.

Compliance

- 33 Breaches of this Policy will be viewed seriously and may lead to disciplinary action being taken against the relevant Personnel. In serious cases, such action may include dismissal or termination of employment or engagement with the Company. Personnel should report all breaches of this Policy by any person to the Company Secretary.

Review of the Policy

- 34 This Policy will be reviewed regularly by the Board having regard to the changing circumstances of the Company and any changes to this Policy will be notified to affected persons in writing. Personnel should communicate all comments and concerns about this Policy to the Company Secretary.

35 For questions about the operation of this Policy, please contact the Company Secretary.

SCHEDULE 6: RISK MANAGEMENT POLICY

Purpose

- 1 The Company considers ongoing risk management to be a core component of the management of the Company. The Company's ability to identify and address risk is central to achieving its corporate objectives.
- 2 This Policy outlines the program implemented by the Company to ensure appropriate risk management within its systems and culture.

The Risk Management Program

- 3 The Company's risk management program comprises a series of processes, structures and guidelines which assist the Company to identify, assess, monitor and manage its business risk, including any material changes to its risk profile.
- 4 To achieve this, the Company has clearly defined the responsibility and authority of the Board to oversee and manage the risk management program, while conferring responsibility and authority on the Audit and Risk Management Committee to develop and maintain the risk management program in light of the day-to-day needs of the Company. The Audit and Risk Management Committee is governed by the Audit and Risk Management Committee Charter, a copy of which is available on the Company's website.
- 5 Regular communication and review of risk management practice provides the Company with important checks and balances to ensure the efficacy of its risk management program.
- 6 The key elements of the Company's risk management program are detailed below.

Risk Identification

- 7 In order to identify and assess material business risks, the Company defines risks and prepares risk profiles in light of its business plans and strategies. This involves applying a disciplined process to risk identification, risk assessment and analysis, risk treatment and monitoring and reporting.
- 8 The Company presently focusses on the following types of material risks:
 - 8.1 regulatory and compliance risks;
 - 8.2 reputational risks;
 - 8.3 risks relating to conduct of business; and
 - 8.4 risks relating to intellectual property.

Responsibilities of the Board

- 9 The Board acknowledges that it is responsible for the overall system of internal control but recognises that no cost effective internal control system will preclude all errors and irregularities.
- 10 The Board has delegated responsibility for reviewing the risk profile including material business risks and reporting on the operation of the internal control system to the Audit and Risk Management Committee. However, the Audit and Risk Management Committee and management may also refer particular risk management issues to the Board for final consideration and direction.
- 11 The Board will review the effectiveness of the Company's risk management framework and internal control system annually to satisfy itself that it continues to be sound and that the entity is operating within the risk appetite set by the Board.

Responsibilities of the Audit and Risk Management Committee

- 12 The day-to-day oversight and management of the Company's risk management program has been conferred upon the Audit and Risk Management Committee in accordance with the Audit and Risk Management Committee Charter. The Committee is responsible for ensuring that the Company maintains effective risk management and internal control systems and processes and provides regular reports to the Board on these matters. In addition to the risk management responsibilities in its Charter, the role of the Committee is to:

Responsibilities of Management

- 13 The Company's management will be responsible for designing and implementing risk management and internal control systems which identify material risks for the Company and aim to provide the Company with warnings of risks before they escalate. Management must implement the action plans developed to address material business risks across the Company.
- 14 Management should regularly monitor and evaluate the effectiveness of the action plans. In addition, management should promote and monitor the culture of risk management within the Company and compliance with the internal risk control systems and processes. Management should report regularly to the Board regarding the status and effectiveness of the risk management program. Such reporting by Management should include regular exception reporting to the Board as well as to the Audit and Risk Committee regarding instances of control weaknesses or failures resulting in elevated exposure for the Company.

- 16 The Company's management will be responsible for ensuring that meetings of security holders are held in Australia at a reasonable place and time.
- 17 The Company's management will be responsible for having and disclosing a whistle blower policy and ensuring that the Board and the Risk and Audit Committee is informed of any material incidents reported under that policy. This policy will be made available on the Company's website.
- 18 The Company's management will be responsible for having and disclosing an anti-bribery and corruption policy and along side the Risk and Audit Committee, ensuring that the Board is aware of any material breaches of that policy. This policy will be made available on the Company's website.

Review of Risk Management Program

- 19 The Company regularly evaluates the effectiveness of its risk management program to ensure that its internal control systems and processes are monitored and updated on an ongoing basis.
- 20 The division of responsibility between the Board, Audit and Risk Management Committee and management aims to ensure that specific responsibilities for risk management are clearly communicated and understood. The reporting obligations of Audit and Risk Management Committee ensure that the Board is regularly informed of material risk management issues and actions. This is supplemented by the evaluation of the performance of the risk management program.

SCHEDULE 7: SECURITIES TRADING POLICY

Scope

- 1 This policy details the Company's policy on dealing by personnel of the Company and its related bodies corporate (**Group**) in:
 - 1.1 Securities of the Company (Company Securities); and
 - 1.2 Securities of other entities.
- 2 This Policy applies to all 'personnel' of the Group, including all directors, officers, employees and contractors.
- 3 If you do not understand any part of this policy, the summary of the law, or how it applies to you, you should raise the matter with the Company Secretary before dealing with any Securities covered by this policy.

Purpose

- 4 Under Australian legislation, the insider trading laws operate to prohibit people in possession of non-public price sensitive information from dealing in Securities or passing on the information to other people who may deal in Securities.
- 5 Given the restrictions imposed by law, this policy is relevant to all personnel of the Group and their associates. This policy also imposes additional restrictions (described below) on:
 - 5.1 all Directors and officers of the Group including the Managing Director;
 - 5.2 all persons who report directly to the Chief Executive Officer (Senior Executives);
 - 5.3 all employees and contractors of the Group;
 - 5.4 other persons identified by the Company from time to time; and
 - 5.5 'associates' of the above persons. For the purposes of this policy your 'associates' include:
 - 5.5.1 your spouse or partner;
 - 5.5.2 your dependent children;
 - 5.5.3 any trustee of a trust or other fiduciary arrangement under which you, your spouse or partner or your dependent children, is or may be a beneficiary;
 - 5.5.4 any company in which you hold (directly or indirectly) a majority of the shares or otherwise control (directly or indirectly); and
 - 5.5.5 any other entity in which you are a director, secretary or executive officer; and
 - 5.6 other persons identified by the Company from time to time,
(Restricted Persons).

Meaning of Securities

- 6 For the purposes of this policy Securities means shares, debentures, options to subscribe for new shares and options over existing shares, warrant contracts and other derivatives relating to the shares.

Insider Trading Laws

Prohibition

- 7 If you have any inside information (as defined below in clauses 9 to 11) about the Company (or another relevant entity, such as a company with which the Company is considering a transaction) which is not publicly known, it is a criminal offence for you to:
 - 7.1 trade in the Company Securities (or Securities of the other relevant entity);
 - 7.2 advise or procure another person to trade in the Company Securities (or Securities of the other relevant entity); or
 - 7.3 pass on (directly or indirectly) inside information (as defined below in clauses 9 to 11) to someone else (including colleagues, family or friends) knowing (or where you should have reasonably known) that the other person will, or is likely to, use that information to trade in, or procure someone else to trade in, the Company Securities (or Securities of the other relevant entity).

Consequences of insider trading

- 8 This offence, called 'insider trading', can subject you to:
 - 8.1 criminal liability including large fines and/or imprisonment;
 - 8.2 a civil penalty; and
 - 8.3 civil liability, which may include being sued for any loss suffered as a result of illegal trading.

Inside information

- 9 'Inside information' is information that:
 - 9.1 is not generally available; and
 - 9.2 if it were generally available, a reasonable person would expect it to have a material effect on the price or value of Company Securities or on a decision to buy or sell Company Securities.
- 10 The financial impact of the information is important, but strategic and other implications can be equally important in determining whether information is inside information. The definition of information is broad enough to include rumours, matters of supposition, intentions of a person (including the Company) and information which is insufficiently definite to warrant disclosure to the public.
- 11 Importantly, you need not be an 'insider' to come across inside information. That is, it does not matter how you come to know the inside information (for example, you could learn it in the course of carrying out your responsibilities or in passing in the corridor or in a lift or at a dinner party).

Insider trading is prohibited at all times

- 12 If you possess inside information, you must not buy or sell the Company Securities, advise or get others to do so or pass on the inside information to others. This prohibition applies regardless of how you learn the information.
- 13 The prohibition on insider trading applies not only to information concerning the Company Securities. If a person has inside information in relation to Securities of another company, that person must not deal in those Securities.
- 14 The insider trading prohibitions apply even when a trade falls within an exclusion to the restrictions on trading detailed in this policy if it is undertaken by, or procured by, someone in possession of inside information at the time of the trade.

Confidential Information

- 15 Related to the above, personnel also have a duty of confidentiality to the Company. You must not reveal any confidential information concerning the Company, use that information in any way which may injure or cause loss to the Company, or use that confidential information to gain an advantage for yourself.

Trading restrictions imposed by this policy

Additional restrictions

- 16 Additional restrictions (described below) on trading the Company Securities apply to Restricted Persons (as defined above). The additional restrictions in this policy do not prohibit Restricted Persons from acquiring the Securities under a Company dividend reinvestment plan or an employee equity plan, if either plan exists (however, the additional restrictions will apply to any subsequent trading of the Company Securities acquired under those plans).
- 17 It is important to note that although the additional restrictions do not apply to a Restricted Person's participation in a dividend reinvestment plan or an employee equity plan, a Restricted Person must not make an election to participate or cease participation in a dividend reinvestment plan or employee share plan if they are in possession of 'inside information.'

Reasons for additional restrictions

- 18 Restricted Persons are in positions where it may be assumed that they may come into possession of inside information and, as a result, any trading by Restricted Persons may embarrass or reflect badly on them or on the Company (even if a Restricted Person has no actual inside information at the time). This policy is designed to avoid the possibility that misconceptions, misunderstandings or suspicions might arise due to trading by Restricted Persons in Securities.

Trading windows

- 19 Restricted Persons may, subject to the prior clearance requirements in clauses 22 to 25, deal in the Company's Securities as a matter of course (unless there is in existence price sensitive information that has not been disclosed as a result of the Company's reliance on an exception under the Listing Rules of the Australian Securities Exchange (**ASX**)) in the following periods:
 - 19.1 20 business days beginning on the first trading day after the Company's annual results are released to ASX;
 - 19.2 20 business days beginning on the first trading day after the Company's half year results are released to ASX;
 - 19.3 20 business beginning on the first trading day after the Company's Annual General Meeting; and
 - 19.4 any other period as the board of directors of the Company may decide.
- 20 All other periods are prohibited periods (i.e. when dealing in Company Securities is prohibited), unless otherwise permitted by this policy.
- 21 The Board may also impose an ad hoc prohibited period during a trading window specified above.

Clearance procedures

- 22** If a Restricted Person proposes to deal in the Company's Securities at any time, they must first:
- 22.1 obtain prior written clearance to deal in the Company's Securities from the relevant authorising officer noted in the table below (Authorising Officer); and/or
 - 22.2 provide prior written notice of their intention to deal in Company Securities to the relevant person noted in the table below; and
 - 22.3 provide confirmation to the relevant person(s) noted in the table below that they are not in possession of 'inside information',
at least two trading days before the proposed dealing.

| Restricted Person | Authorising Officer | Prior notification to the Company Secretary and Board |
|--|---|---|
| Chair of the Board | Chair of the Risk and Audit Committee | Yes |
| Other Directors (including Chief Executive Officer) | Chair of the Board | Yes |
| Senior Executives, and other persons identified by the Company from time to time | Chair of the Board | Yes |
| Employees | Not applicable - authorisation not required (notification only) | Yes |

- 23** If granted, trading consent is only valid for a period of five trading days after notification of approval, or such other period notified by the Authorising Officer to the Restricted Person. Trading consent is automatically deemed to be withdrawn if the person becomes aware of inside information prior to trading.
- 24** Any approval to trade can be given, withdrawn or refused by the Company in its discretion without giving any reasons. A decision to refuse approval is final and binding on the person seeking the approval. If approval to trade Company Securities is refused, the person seeking the approval must keep that information confidential and not disclose it to anyone. Any approval to trade under this policy is not an endorsement from the Company and the person doing the trade is individually responsible for their investment decisions and their compliance with insider trading laws.
- 25** The insider trading prohibitions apply even when a trade is permitted under this clause if it is undertaken by, or procured by, someone in possession of inside information at the time of the trade.

Requirements after trading

- 26** Once a Restricted Person has completed a trade in the Company Securities, the Authorising Officer described in clauses 22 to 25, must be:
- 26.1 advised that the trade has been completed and attach the trade confirmation (which may occur via email); and
 - 26.2 in the case of Directors, provided with sufficient information to enable the Company to comply with its ASX reporting obligations (including date, price, volume and whether the change occurred during a period outside a trading window and if so, whether written clearance was provided). This information must be provided to ASX as soon as reasonably practicable and in any event no later than three business days after the date of the change.

No speculative short term trading

- 27** Restricted Persons should not trade in the Company's Securities on a short term basis or for speculative trading gain.

No hedging

- 28** A Restricted Person must not, without prior written approval by the Authorising Officer specified in clauses 22 to 25, engage in hedging arrangements, deal in derivatives or enter into other arrangements which vary economic risk related to the Company's Securities including, for example, dealing in warrants, equity swaps, put and call options, contracts for difference and other contracts intended to secure a profit or avoid a loss based on fluctuations in the price of the Company's Securities.
- 29** This provision includes engaging in hedging or other arrangements that would have the effect of limiting the economic risk in connection with Company Securities including Securities which are unvested, subject to a holding lock or issued pursuant to an equity based remuneration scheme.

Permitted dealings

- 30** Certain types of dealing are excluded from the operation of this policy and may be undertaken at any time (subject to complying with the insider trading prohibitions outlined above in section 4.4), including the following (and any other permitted dealings as approved by the Board from time to time and notified to Restricted Persons):
- 30.1** employee incentive schemes – the additional restrictions in this policy do not prohibit Restricted Persons from acquiring Securities or exercising an option or right under an employee incentive scheme subject to the terms of the relevant employee incentive scheme. However, the additional restrictions will apply to any subsequent trading of Securities acquired under an employee incentive scheme and the Restricted Person must make an election to participate or cease participation in an employee incentive scheme when they are not in possession of inside information;
 - 30.2** dividend reinvestment plan – the additional restrictions in this policy do not prohibit Restricted Persons from acquiring Securities under a dividend reinvestment plan. However, the additional restrictions will apply to any subsequent trading of Securities acquired under a dividend reinvestment plan and the Restricted Person must make an election to participate or cease participation in a dividend reinvestment plan when they are not in possession of inside information;
 - 30.3** rights offers, share purchase plans and buy-backs (or other pro-rata/generalised offers) – trading under an offer or invitation made to all or most of the security holders, such as a rights issue, a security plan purchase and an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by Board. This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of entitlements under a renounceable pro rata issue;
 - 30.4** third party discretion – an investment in, or trading in units of, a fund or other scheme (other than a scheme only investing in Securities) where the assets of the fund or other scheme are invested at the discretion of a third party; and
 - 30.5** disposal under margin lending arrangement – an involuntary disposal of securities that results from a margin lender or financier exercising its rights under a margin lending or other secured financing arrangement that has previously been approved in accordance with this policy.

Exceptional circumstances

- 31 If a Restricted Person needs to deal in the Company's Securities due to exceptional circumstances but such dealing would breach this policy, the Restricted Person must apply to the Authorising Officer specified in clauses 22 to 25 for a waiver from compliance with the provisions in clauses 22 to 25 or 27.
- 32 Exceptional circumstances include severe financial hardship, compulsion by a court order or any other circumstances that are deemed exceptional by the person described in clauses 22 to 25.
- 33 The Restricted Person seeking a waiver under this clause must apply in writing (which may include an application via email) to the person specified in clauses 22 to 25:
 - 33.1 setting out the circumstances of the proposed dealing (including an explanation as to the severe financial hardship or circumstances that are otherwise exceptional) and the reason the waiver is requested; and
 - 33.2 provide confirmation to the relevant person(s) that they are not in possession of 'inside information'.
- 34 A waiver will only be granted if the Restricted Person's application is accompanied by sufficient evidence (in the opinion of the person specified in clauses 22 to 25) that the dealing of the relevant Securities is the most reasonable course of action available in the circumstances.
- 35 If a waiver is granted, the Restricted Person will be notified in writing (which may include notification via email) and in each circumstance the duration of the waiver to deal in Securities will be five trading days or such other period notified by the Authorising Officer to the Restricted Person.
- 36 Unless otherwise specified in the notice, any dealing permitted under this clause must comply with the other clauses of this policy (to the extent applicable). The insider trading prohibitions apply even when a trade falls within this clause 36 if it is undertaken by, or procured by, someone in possession of inside information at the time of the trade.

Breaches of this policy

- 37 Strict compliance with this policy is a condition of employment or engagement by the Company. Breaches of this policy will be regarded as serious misconduct and may lead to disciplinary action, which may include termination of employment or engagement by the Company.

Business Unit policies

- 38 Dealing in Securities or communicating information may also be subject to Business Unit policies relating to personal dealing, insider trading, conflicts of interest or similar.
- 39 You must also comply with the requirements of those policies in addition to the requirements in this policy. Please contact Risk and Compliance for further information.

- 3 This Policy will also apply to agents, third parties and other representatives engaged by the Hiremii to represent its interests or perform services for the Company (Representatives).
- 4 Hiremii expects all its Personnel and Representatives to comply with both the letter and spirit of the laws that govern Hiremii's operations worldwide and with Hiremii policy, and particularly this Policy.

- 6 Adherence to this Policy is a condition of employment or engagement by, or association with, Hiremii.

Purpose

- 7 Hiremii is committed to ensuring that its corporate culture, in all its offices and operations worldwide, discourages fraudulent and corrupt conduct. Hiremii reserves the right to take disciplinary action, including immediately terminating the employment or engagement of any Personnel, or its association with any Representative, who seeks to illegitimately influence any public official in the exercise of his or her official duties or is involved in any fraudulent or corrupt behaviour.
- 8 The purpose of this Policy is to educate and inform Personnel and Representatives about Hiremii's commitment to anti-corruption and bribery requirements arising from anti-bribery and corruption laws and the various laws prohibiting fraudulent and corrupt behaviour more generally. This Policy is intended to be a common-sense guide to enable Personnel and Representatives to understand and comply with their obligations under these laws.
- 9 This Policy is designed to ensure that Hiremii delivers on its commitment to fostering an anti-corruption culture, but it does not create any rights in any person including any employee, customer, suppliers, competitor, shareholder or other stakeholder.
- 10 This Policy is for the protection of not only Hiremii, but also Personnel and Representatives. Training and awareness sessions on this Policy will be provided to Personnel and Representatives as required and to the level appropriate to them.
- 11 If any Personnel or Representative to whom this Policy applies does not understand any part of this Policy, or how it applies to them, they should contact the Company Secretary located in the Company's office in Perth, Western Australia. Ultimately it is the individual's responsibility to make sure that none of their behaviour or conduct constitutes, or could be seen to constitute, bribery or corruption. This Policy applies in addition to, and not to the exclusion of, Hiremii's other policies and procedures including its Code of Conduct and Whistleblower Policy.
- 12 Hiremii will communicate this Policy to its stakeholders and the wider community by publishing it on the 'Corporate Governance' page of its website.

What is bribery and corruption?

- 13 A bribe is an inducement or reward offered, promised or provided to gain any commercial, contractual, regulatory or personal advantage. Bribery includes the giving of benefits (such as making payments, giving a gift or a favour) to influence an individual or organisation to award business opportunities to Hiremii or to make business decisions in Hiremii's favour.
- 14 Corruption is the abuse of entrusted power for private gain.

No bribes policy

- 15 It is Hiremii's policy to conduct all its business in an honest and ethical manner. Hiremii takes a zero-tolerance approach to bribery and corruption, and is committed to acting professionally, fairly and with integrity in all its business dealings and relationships wherever it operates.
- 16 Notwithstanding laws to the contrary, the fact that bribery and corruption may be tolerated or encouraged in some of the countries in which Hiremii operates does not affect Hiremii's commitment to best business practice. Hiremii will make every effort to ensure that it adheres to the laws and regulations which govern its operations, including the Criminal Code Act 1995 (Cth) (Australian Criminal Code) and other laws applicable to Hiremii prohibiting foreign and domestic bribery and fraudulent conduct (Bribery Laws).
- 17 Accordingly, Hiremii prohibits bribery and corruption in any form, whether direct or indirect and no Personnel or Representative should commit, be a party to or be involved in any bribery or corruption. The use of Hiremii funds or assets, either directly or indirectly, for any bribe, kickback or payoff is strictly prohibited.
- 18 The payment of normal discounts and allowances, commissions, fees, entertainment expenses, expenses for normal sale promotion activity and services, expenses related to a contract with a foreign country and other customary payments or courtesies in the ordinary course of business should only be made in accordance with this Policy.

5 Facilitation Payments

- 19 Facilitation payments are a form of bribery made for the purpose of expediting or securing the performance by a public official of a routine government action of a minor nature that is part of the public official's duties or functions.
- 20 A "routine government action" is an action which is ordinarily and commonly performed by a public official and does not involve a decision about whether to award new business, whether to continue to do business, or the terms of that business, or encouraging someone to make such a decision. Examples of routine government actions include:
 - 20.1 granting a permit, licence or other official document that qualifies a person to do business in a foreign country;
 - 20.2 processing government papers such as a visa or work permit;
 - 20.3 providing services normally offered to the public, such as police protection, mail collection or delivery, telecommunication services and power and water supply;
 - 20.4 scheduling inspections associated with contract performance or related to the transit of goods;
 - 20.5 loading and unloading cargo; and
 - 20.6 protecting perishable products, or commodities, from deterioration.
- 21 Facilitation payments, whether legal or not in a country, are prohibited under the Policy.

Gifts and hospitality

- 22 Reasonable gifts and hospitality will not violate the principles set out in this Policy unless they are made with the intention of obtaining or retaining business or a business advantage that is not legitimately due.
- 23 Gifts and hospitality can take many forms. A gift can be a payment, payment in kind (which includes the provision of goods or services), personal favour or anything of value given or received where the recipient does not pay fair market value. Hospitality is providing entertainment or enjoyment where a Personnel or Representatives accompanies the person. It is anything of real value to the recipient. Accepting or offering gifts or hospitality of moderate value is acceptable in situations where it is legal and in accordance with Hiremii's best business practice.
- 24 Personnel and Representatives must not give or accept gifts of any kind that could be reasonably regarded as unduly influencing the recipient or creating a business obligation on the part of the recipient. Advice may always be sought by the CEO (or equivalent) by referral to Hiremii's lawyers if necessary.
- 25 It is essential that all Personnel and Representatives comply with Hiremii policy in relation to gifts and hospitality, and that they be seen to comply with Hiremii's policies and the laws and regulations that govern Hiremii.
- 26 When deciding whether it is appropriate to give or accept a particular gift or hospitality, a number of issues must be considered include:
 - 26.1 The monetary value – is the gift of hospitality excessive or expensive? If so, the gift should not be given or accepted;

- 26.2 the timing of the gift or hospitality, irrespective of its value - are there any negotiations or contracts being settled? If the giving or receipt of a gift or hospitality coincides with an important business decision, the gift or hospitality should not be given or accepted;
- 26.3 the outside impression conveyed by giving or accepting the gift or hospitality – if there may be an impression formed by a third party that there is an improper connection between any gift or hospitality and a particular business opportunity, then the gift or hospitality should not be given or accepted; and
- 26.4 the type of gift - certain gifts should never be given or accepted.

Examples of appropriate gifts

- 27 Flowers, chocolates, merchandise bearing Hiremii's logo (hats/t-shirts/umbrellas) or small amounts of inexpensive wine.

Examples of inappropriate gifts

- 28 Cash, vouchers, controlled substances, expensive jewellery, first class airline tickets, holidays, electronic goods, expensive wine or extravagant purchases of any description.
- 29 The above examples are not exhaustive lists.
- 30 If a person can, without hesitation, acknowledge and justify the giving and receiving of a gift or hospitality and its size and nature in a public forum without any adverse impact on the Company's reputation then and only then is it a gift or hospitality within the culture of the host country.
- 31 To quote a US Supreme Court judge, Justice Noonan 'a gift can be disclosed, a bribe needs to be concealed'.
- 32 Reporting and Record keeping
 - 32.1 Personnel and Representatives must declare all gifts and hospitality provided, offered or received that are valued at \$200 or more to the Company Secretary as soon as possible after the event takes place, but within five business days of receiving or being offered or receiving (whichever is the earlier) the gift or hospitality.
 - 32.2 Personnel and Representatives must disclose to the Chairman of all gifts or hospitality provided, offered or received which are valued at more than \$400 before they are provided or offered/received (whichever is the earlier) with the exception of:
 - 32.2.1 working/business lunches;
 - 32.2.2 work related conferences; and
 - 32.2.3 invitations to networking events.
- 33 The Chairman may require that a gift or hospitality is declined, donated or returned.

Charitable contributions and sponsorships

- 34 Hiremii does not make charitable contributions or enter into sponsorship arrangements that could be perceived as a way of obtaining or retaining an improper advantage for the benefit of Hiremii, or any other person.
- 35 Donations must be solely for charitable and community purposes and sponsorships for business promotion purposes.
- 36 Any charitable contributions and sponsorships must be permitted by law, must be authorised by the CEO (or equivalent) in writing and not provided to individuals or organisations that are linked to a political cause (as defined in section 8 of this Policy).
- 37 Risk based due diligence should be conducted, as appropriate, on the recipients of any charitable contributions or sponsorships and all benefits to be provided to the recipients should be documented in a written agreement. Hiremii will disclose all its charitable contributions and sponsorship arrangements.

Political contributions

- 38 Hiremii does not make any political contribution in any country.
- 39 A political contribution is a contribution, whether financial or in-kind, support a political cause. A political cause includes political parties, party affiliated organisations, party officers and political candidates.

- 40 If Personnel or Representatives wish to participate in any event or activity for a political cause, they must first obtain the written approval of the CEO (or equivalent). If approval is given, participation is conditional on it being made clear that it is in the person's personal capacity (and not as a representative of Hiremii), and the participant must use their own time and money to participate in the event or activity.

Internal controls and record keeping

41 Internal controls

Hiremii will establish and maintain effective systems of internal controls to counter bribery and corruption. These internal controls will comprise financial and organisational checks and balances over Hiremii's accounting and record keeping practice and other business processes related to its anti-bribery and anti-corruption policies and procedures. The system will be reviewed to ensure that it remains effective.

42 Integrity of record keeping and accounts

- 43 Hiremii is committed to maintaining the integrity of all company books and records so that they provide an accurate account of all transactions. The integrity of records is essential for maintaining stakeholder confidence and ensuring compliance with the laws that apply to Hiremii, including the Australian Corporations Act 2001 (Cth).

- 44 The Australian Criminal Code contains false accounting laws. These are in addition to other Commonwealth, State and Territory laws dealing with false accounting. It is an offence for a company or individual to intentionally conceal illegitimate payments by making, altering or destroying accounting records, or by failing to make or alter accounting records that are required by law to be made or altered. The relevant intention is one to facilitate, conceal or disguise the giving or receiving of a benefit that is not legitimately due, or a loss not legitimately incurred. There is another offence where the person is reckless about those matters that is aware of a substantial risk that their conduct would result in the outcomes described. These laws are sufficiently broad to capture not only false accounting connected with foreign bribery, but also false accounting practices connected with domestic bribery offences.

- 45 It is Hiremii's policy that all books and records be kept so that they fully and fairly reflect all receipts and expenditures by Hiremii such that:

- 45.1 no numbered or secret account or undisclosed or unrecorded funds or asset of the Company shall be maintained or established for any purpose;
- 45.2 no false or artificial entries shall be made in the books and records of the Company for any reason and no employee shall engage in any arrangement that results in such prohibited act; and
- 45.3 no transaction shall be effected, and no payment shall be approved or made, on behalf of the Company with the intention or understanding that any part of such payment is to be used for any purpose other than that described by the documents supporting the payment.

Reporting violations

- 46 To be effective, this Policy relies on Personnel and Representatives raising concerns and reporting suspected violations as early as possible.
- 47 Hiremii encourages Personnel and Representatives to notify the Whistleblower Officer in accordance with the procedures set out in the Whistleblower Policy (available on the Company's website), of potential or suspected violations of:
- 47.1 legal or regulatory requirements;
 - 47.2 company policy as set out in the Code of Conduct or this Policy;
 - 47.3 internal policy relating to accounting standards and disclosures;
 - 47.4 internal accounting controls; or
 - 47.5 matters related to the internal or external audit of Hiremii's financial statements.

99/101 Francis Street

Australia

- 49 If the matter concerns the Whistleblower Officer, or a person is not comfortable contacting the Whistleblower Officer, they should contact another Board member.
- 50 Hiremii is committed to ensuring confidentiality in respect of all matters raised under this Policy, and that those who make a report in good faith are treated fairly and do not suffer any detriment.
- 51 This commitment by Hiremii:
- 51.1 provides a strong indicator that Hiremii is committed to and complies with its legal and ethical obligations;
 - 51.2 enables individuals to feel that Hiremii is properly addressing their concerns; and
 - 51.3 ensures that persons are not penalised for fulfilling their obligation to ensure that Hiremii's conduct meets its policies on compliance and ethics.
- 52 Upon receipt of a complaint alleging a violation, the Whistleblower Officer will follow the investigation procedure set out in the Whistleblower Policy. Any findings of non-compliance with Hiremii policy or regulatory non-compliance will be reported the Board via the Chairman. The Board is responsible for ensuring that the appropriate corrective action is taken which may include: dismissal of Personnel, cancelling of contracts with Representatives, and reporting the alleged violation to the appropriate governmental and law enforcement agencies.

Consequences of breach

- 53 Hiremii is committed to building and maintaining a reputation for integrity and honesty. This reputation depends on its Personnel and Representatives complying with the law.
- 54 Hiremii expects the highest standards of ethical conduct from all its Personnel and, Representatives, regardless of their position in, or relationship with, Hiremii. Hiremii requires adherence to both the letter and the spirit of all laws and regulations that govern Hiremii. Adherence is a term of employment or association with Hiremii. Violation of the law by any Personnel or Representative will be regarded as serious misconduct, which may be subject to disciplinary action including termination of employment or association with Hiremii.
- 55 Personnel and Representatives are responsible for ensuring that their actions do not violate the law. If any Personnel or Representative is directed to do something which they believe to be unlawful, they are expected to report the incident to the Whistleblower Officer in accordance with this Policy and the Whistleblower Policy. All complaints and reports will be treated confidentially and no retaliation against a person making a report will be tolerated.
- 56 Hiremii managers are responsible for their own individual behaviour. To an extent, they are also accountable for the actions of Hiremii employees that report to them. Each manager is responsible for ensuring that the employees who report to them are aware of Hiremii policy as set out in this Policy document and the Code of Conduct. Managers should ensure that new employees attend relevant training sessions to ensure that they understand Hiremii policy. Managers should report any violations of the principles set out in this Policy or the Code of Conduct generally to the Whistleblower Officer.
- 57 Hiremii will, through its directors and senior management, endeavour to maintain a work environment where frank and open discussion is encouraged and expected, without fear of retribution. Hiremii will ensure that any allegations of violation of any laws that apply to Hiremii will be treated confidentially, investigated thoroughly and dealt with appropriately in accordance with the procedures set out in this Policy and the Whistleblower Policy.
